

Court Booking System

Business Proposal — Your Own Online Booking Website

Customers book and pay in seconds — no sign-up needed.
You manage everything from a professional admin dashboard.

₱1,500 / month · ₱50 / day

Prepared by Dinks & Drinks Maasin City · Est. 2026

Why Your Court Needs This

Most courts in the Philippines still take bookings through Facebook Messenger and text messages. That means missed messages, double bookings, no-shows, and hours of back-and-forth every day. This system — built and running daily at Dinks & Drinks Maasin City — fixes all of it.

The Problem vs. The Solution

Booking by Messenger

- ✗ Missed chats = lost income
- ✗ Double bookings anger customers
- ✗ No-shows with no payment upfront
- ✗ You reply to messages all day
- ✗ No records, no reports
- ✗ Looks unprofessional

With the Booking System

- ✓ Customers book themselves 24/7
- ✓ Slots lock instantly — zero conflicts
- ✓ Paid via GCash / BDO Pay / Maya first
- ✓ You just verify and approve
- ✓ Automatic records and reports
- ✓ A real website for your brand

What Your Customers Experience

- Open your website from Facebook or a QR code — works on any phone
- See live court availability with color-coded time slots
- Book a court in under a minute — no account or app install needed
- Pay by GCash, BDO Pay, or Maya and upload the receipt
- Receive a booking reference number, QR code, and email confirmation
- Track their booking anytime with "Find My Booking"
- Join Open Play sessions and register for tournaments online

Complete Feature List

Customer Website

- Branded landing page — your logo, court photos, videos, rates, FAQ, and Google Maps
- Highlights section — post announcements, events, photos, and Facebook reels
- Real-time booking: live slots, 30-day advance window, 1–4 hour sessions
- No sign-up booking flow — name, mobile, and email only
- Online payments with proof-of-payment upload (JPG / PNG / PDF)
- Booking reference + QR code + automatic email confirmations
- Open Play schedule and Tournament registration with online payment
- Mobile-friendly, fast, with light and dark mode

Owner Admin Dashboard

- See every booking appointment — search, filter, approve, or reject
- Verify payment proofs and issue official receipts in one click
- Edit landing-page Highlights: latest posts, announcements, upcoming events
- Upload and manage photos for each court, and your own logo (JPG or PNG)
- Open Play module — create, edit, schedule, mark full, or disable sessions
- Tournament Mode — publish tournaments, take paid registrations, verify entries
- Revenue, booking trends, peak hours, and court usage charts
- Monthly calendar, customer records, reports (CSV / print), and audit logs

Built on Reliable Technology

- Cloud PostgreSQL database — your data is safe even if the server restarts
- Encrypted staff passwords, role-based access, secure sessions
- Runs on any hosting; setup within 24 hours

Pricing & Getting Started
